Dinner & Dessert: It's your lucky day

Anything green will work for this night but here are a few options to choose from:

Pot of Gold – make a yellow colored soup and serve in small golden bowls

Lucky Bites - Cut bell peppers crosswise (they look like shamrocks) and serve on top of a sandwich or pizza slice.

Make shamrock shaped cookies for dessert or green gelatin. Yellow gelatin cut in cubes could also pass for gold if served in a bowl.

Rainbow cupcakes – divide cupcake batter into 4 or 5 small bowls. Color each with a different food color. Pour into cupcake pan in layers.

Craft: Tissue Shamrocks

Print out shamrock template. Color or use green tissue paper to fill in the design. There are also many additional St. Patrick's day craft ideas available online if you search.
